

Fall-Winter COVID-19 Prevention Program: Border Quarantine

December 1, 2020-February 28, 2021

A COVID-19 RT-PCR test result certificate issued within 3 days
is required prior to boarding the flight to enter/transfer in Taiwan

The certificate must include:
the traveler's passport name, date of birth (or passport number),
specimen collection date and test report date, virus name,
testing method, and test result.

The three-day period means three working days and is counted
based on the test report date, excluding local holidays. The original
copy/photocopy/electronic file with clear and identifiable
information in all necessary fields is accepted.
