

Quarantine Measures Adjusted for Taiwanese Airline Crews from April 15

* From countries under Level 3 travel notice (long-haul flights): 3 days of home quarantine (a negative RT-PCR test result required on the last day) and 11 days of self-health management.

* Crew members returning to Taiwan the same day (short-haul flights) and not entering countries under Level 3 travel notice: 14 days of self-health management.

* **Two weeks after receiving two doses of vaccine:**

◆ Long-haul flights: 7 days of self-health management ending with a negative test result.

◆ Short-haul flights: Exempted from self-health management, only required to follow general guidance for the “new lifestyle for epidemic prevention.”
