

# Malaria Eradication in Taiwan

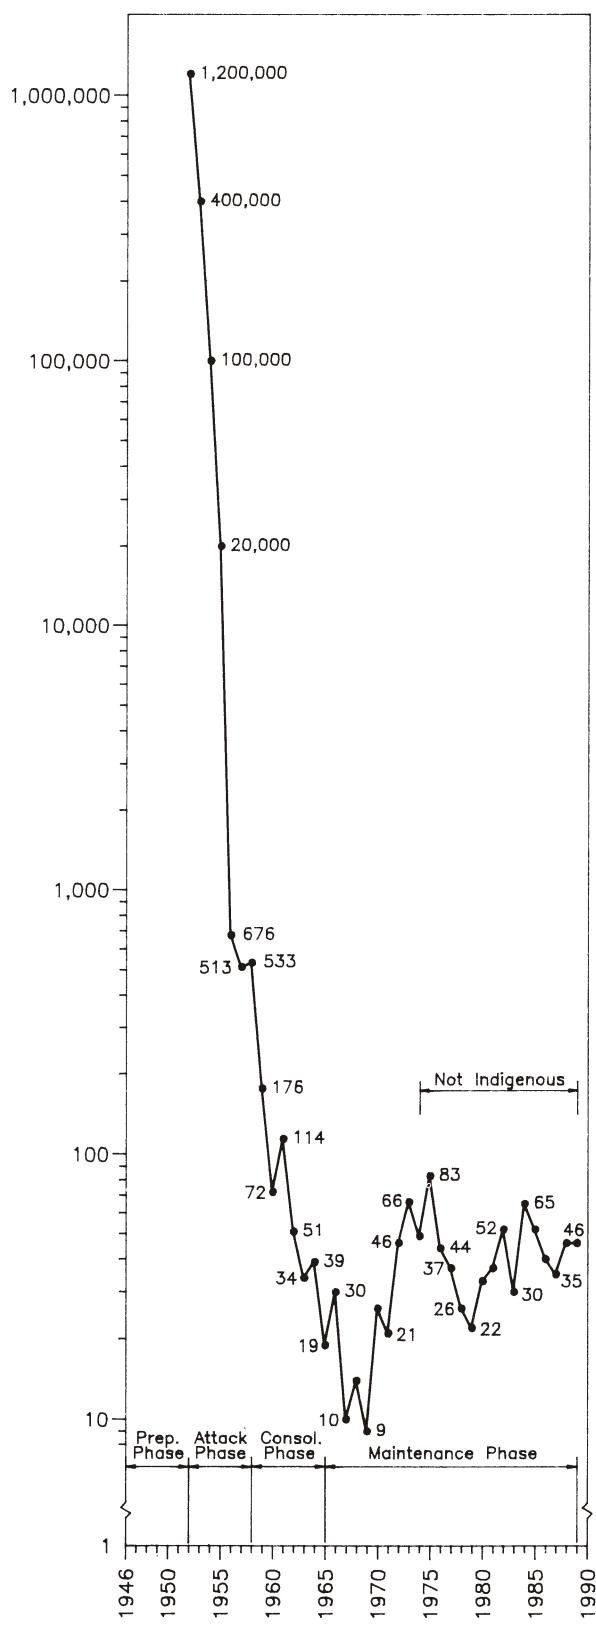

# Malaria Eradication in Taiwan

May 1991

Decline and Fall  
of Malaria

Number of Annual  
Malaria Cases  
between 1952-1989  
(in semi-logarithmic scale)

Department of Health  
The Executive Yuan  
Republic of China

## TABLE OF CONTENTS

	<u>Page</u>
FOREWORD .....	Xiii
ACKNOWLEDGMENTS.....	xvi
LIST OF ABBREVIATIONS .....	xvii
INTRODUCTION .....	xix
I: BACKGROUND INFORMATION ABOUT TAIWAN .....	1
THE LAND.....	1
THE CLIMATE .....	1
THE POPULATION .....	3
POLITICAL ADMINISTRATION .....	5
HEALTH ORGANIZATION .....	6
ECONOMIC AND SOCIAL DEVELOPMENT .....	7
COMMUNICATIONS / TRANSPORTATION .....	7
II: MALARIA IN TAIWAN BEFORE 1946.....	8
MALARIA SITUATION PRIOR TO 1895 .....	8
JAPANESE MALARIA RESEARCH AND CONTROL ACTIVITIES IN TAIWAN (1895 - 1945).....	8
III: DEVELOPMENT OF ANTIMALARIA ACTIVITIES 1946 - 1951.....	10
GENERAL REVIEW .....	17

	<u>Page</u>
RESEARCH PROJECTS (1946 - 1951) .....	17
Observations on Malaria Prevalence.....	19
<i>Seasonal Prevalence of Malaria in Southern Formosa .....</i>	19
<i>Seasonal Prevalence of Malaria in Central Formosa .....</i>	19
<i>Seasonal Prevalence of Malaria in Northern Formosa.....</i>	21
Observations on Anopheline Mosquitoes .....	22
<i>Seasonal Prevalence of Anopheline Mosquitoes in</i> <i>Southern Formosa .....</i>	22
<i>Natural Infection of Anopheline Mosquitoes</i> <i>with Malaria Parasites in Taiwan .....</i>	22
EXPERIMENTAL MALARIA CONTROL .....	23
Field Trial of Chlorguanide (Paludrine) as a Suppressive and as a Therapeutic Agent in Southern Formosa.....	25
Field Trial of Chloroquine (SN-7618-5) for Malaria Control in Central Taiwan .....	25
Control by Automatic Flushing of Streams.....	27
Larvicing .....	28
DDT Residual House Spraying .....	29
TRAINING .....	30
IV: DEVELOPMENT OF BASIC HEALTH SERVICES.....	33
V: PREPARATIONS FOR THE ANTIMALARIA PROGRAM.....	35
REHABILITATION OF 155 ANTIMALARIA STATIONS/ RETRAINING OF MALARIA TECHNICIANS .....	40

	<u>Page</u>
<b>UTILIZATION OF BASIC HEALTH SERVICES .....</b>	40
Decentralized Execution of Malaria Eradication Program .....	42
Benefits of Decentralized Program Implementation.....	43
Problems and Solutions in Decentralized Operation .....	44
<b>UTILIZATION OF HOUSEHOLD REGISTRATION AND COMMUNITY ORGANIZATION .....</b>	45
<b>ANOPHELINE FAUNA.....</b>	45
<b>DETERMINATION OF MALARIA VECTOR(S).....</b>	46
<b>STUDIES OF ANOPHELINE POPULATIONS IN HUMAN DWELLINGS .....</b>	49
<b>STUDIES ON MALARIA ENDEMICITY .....</b>	53
<b>Malaria Surveys at Different Distances</b>	
From the West Sea Coast .....	60
<b>Malaria Endemicity at Different Altitudes .....</b>	60
<b>Malaria in the Aboriginal Areas .....</b>	62
<b>Malaria on the Adjacent Islands .....</b>	65
<i>Malaria in Pescadores (Penghu) Islands.....</i>	68
<i>Malaria in Lutao (Green Island).....</i>	68
<i>Malaria in Lanyu .....</i>	70
<b>STRATIFICATION OF MALARIOUS AREAS TO DETERMINE OPERATIONAL PRIORITIES .....</b>	70

	<u>Page</u>
VI: PILOT PROJECT IN CHISHAN DISTRICT .....	71
PREPARATORY ACTIVITIES FOR THE PILOT PROJECT .....	73
Selection and Training of Local Health Personnel as Spraying Foremen.....	74
Recruitment and Training of Temporary Workers as Spraymen and Helpers.....	76
TRIAL OF DDT RESIDUAL SPRAYING ON AN ANNUAL CYCLE .....	76
COMPLETE VERSUS SELECTIVE RESIDUAL SPRAYING.....	77
ORGANIZATION OF SPRAYING SQUADS AND FIELD OPERATIONS .....	81
EVALUATION OF EPIDEMIOLOGICAL RESULTS IN THE CHISHAN PILOT PROJECT .....	82
Spleen and Parasite Surveys .....	91
Monthly Infant Surveys .....	92
Fortnightly Fever Case Survey .....	95
Entomological Surveys .....	96
CALCULATION OF MANPOWER NEEDS, DDT AND SPRAYER REQUIREMENTS .....	98
Summary of Spraying Operations (1952).....	100
Analysis of Operational Output .....	101
Cost Analysis .....	101
SUMMARY OF THE PILOT PROJECT .....	102
PREPARATION OF OPERATIONAL MANUALS .....	103

	<u>Page</u>
VII: STRATEGIC EXPANSION OF DDT SPRAYING .....	104
ANNUAL PLAN OF ACTION .....	106
TRAINING OF SPRAYING PERSONNEL .....	110
Regional Training of Township Supervisors and Foremen.....	111
Local Training of Spraymen and Helpers .....	114
Curricula of Training Courses.....	118
FIELD OPERATIONS.....	121
Timing of Spraying .....	124
Spraying Technique and Sequence .....	124
Equipment, Supplies and Transport .....	125
Reporting and Supervision.....	129
Analyses of Spraying Operations, July 1952 - October 1957.....	136
EPIDEMIOLOGICAL EVALUATION .....	138
Annual, Simultaneous Island-Wide Parasite Surveys.....	142
Island-Wide Spleen Surveys .....	142
Monthly Infant Surveys in Selected Areas.....	146
Island-Wide Infant Parasite Survey.....	150
Entomological Evaluation.....	151
PROBLEMS ENCOUNTERED BUT SURMOUNTED .....	152
VIII: MALARIA SURVEILLANCE .....	156
DEVELOPMENT OF THE MALARIA SURVEILLANCE SYSTEM .....	157
FULL-SCALE STRATIFIED MALARIA SURVEILLANCE (FSMS).....	157
Stratification of Surveillance Areas .....	158
.....	159

	<u>Page</u>
Protocol for Surveillance Activities .....	160
<i>Case Detection</i> .....	163
<i>Case Investigation</i> .....	169
<i>Treatment</i> .....	170
<i>Anti-Mosquito Measures</i> .....	172
<i>Entomological Vigilance</i> .....	174
<i>Elimination of Transmission Foci</i> .....	175
<i>Control of Imported Cases</i> .....	176
ACCOMPLISHMENTS OF MALARIA SURVEILLANCE.....	178
IX: MAINTENANCE .....	182
SCREENING OF ARRIVING TRAVELERS AS POTENTIAL PARASITE CARRIERS.....	184
CASE DETECTION.....	185
Case Reporting by Clinics.....	186
Case Reporting by Voluntary Collaborators .....	187
Fever Case Surveys at Health Stations .....	187
Epidemiological Investigations.....	187
Case Reporting by Military Clinics .....	187
Other Case Detection Systems.....	187
CASE INVESTIGATION.....	188
ENTOMOLOGICAL VIGILANCE .....	188
ELIMINATION OF TRANSMISSION FOCI IN NORTHERN TAIWAN.....	190
PROBLEMS IN THE MAINTENANCE PHASE .....	192

X: MILITARY COOPERATION .....	196
DDT SPRAYING.....	197
MALARIA SURVEILLANCE AND VIGILANCE .....	199
OPERATION KUOLEI .....	200
FILARIASIS CONTROL .....	203
 XI: COMMUNITY PARTICIPATION.....	204
TYPES OF COLLABORATION DESIRED.....	204
MEANS OF COMMUNICATION AND COORDINATION .....	206
At the Village Level .....	206
At the Township Level .....	207
At the County Level.....	208
At the Provincial Level .....	208
At the National Level.....	210
 XII: PROGRAM FUNDING .....	211
 XIII: SPECIAL STUDIES .....	216
EXPLORATION OF POSSIBLE SAVINGS THROUGH SELECTIVE SPRAYING .....	216
BEDBUG RESISTANCE TO INSECTICIDES .....	222
SILKWORM INTOXICATION .....	226
DDT INTOXICATION IN A FAMILY OF SOUTHERN TAIWAN .....	231
"MILK-FISH" AND ASSOCIATED MALARIA PROBLEMS .....	231
FELINE FATALITIES .....	233
SPLENOMEGALY.....	234
STAINING TECHNIQUE .....	239
A MALARIA EPIDEMIC AND ITS ECONOMIC IMPACT .....	240

XIV: MALARIA ERADICATION IN LANYU .....	245
LANYU AND ITS PEOPLE .....	246
ANTIMALARIA ACTIVITIES.....	252
OBSERVATIONS OF BEDBUGS IN LANYU .....	259
HEAD LICE ON LANYU.....	261
XV OTHER RESEARCH AND CONTROL ACTIVITIES.....	263
TAXONOMIC STUDIES OF INSECTS OF MEDICAL IMPORTANCE .....	263
ECOLOGICAL STUDIES OF INSECTS OF MEDICAL IMPORTANCE .....	264
FILARIASIS CONTROL .....	265
JAPANESE ENCEPHALITIS (JE) CONTROL.....	266
DENGUE FEVER CONTROL .....	268
XVI: TECHNICAL DIVIDENDS .....	271
REFERENCES .....	273
LIST OF MAPS .....	286
LIST OF TABLES .....	287
LIST OF FIGURES .....	290
INDEX .....	294
